Dear User of Northern Ireland Manufacturing Sales and Exports Survey statistics,

**ERRATUM REGARDING TABLE 5 IN THE 2009/10 NORTHERN IRELAND  
MANUFACTURING SALES AND EXPORTS SURVEY PUBLICATION**

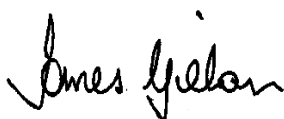

An error has been made in the above publication where the values of sales and their associated percentages in Table 5 (Major Export Markets outside the European Union) have not been reported correctly. The overall value for 'Rest of World Sales' remains unaffected and it is only the values associated with component sections comprising major markets outside of the European Union that have changed.

An amended version of Table 5 and the associated paragraph preceding Table 5 are provided in Annex A below.

The revised version of the report has now been released on the DETI website and can be accessed on the following link:
