2. Without prejudice to paragraph 1, the licensee shall not make charges for the provision of the Moyle Interconnector to any person or class or classes of persons which differ from the charges for such provision to any other person or class or classes of persons except insofar as such differences reasonably reflect differences in the costs associated with such provision or differences in the scope of the services provided under the relevant use of interconnector agreement or result from the operation of relevant access arrangements in accordance with their terms, including without limitation, from the grant of use of interconnector rights pursuant to any auction process contemplated by relevant access arrangements or as otherwise approved by the Authority.
3. The licensee shall not in making charges for use of the Moyle Interconnector restrict, distort or prevent competition in the transmission, distribution, generation or supply of electricity.

 - (b) by reason only of a failure to do or not do any thing which it is prevented from doing or not doing by reason of a failure by any co-operator to comply with and perform its obligations under any agreement with that co-operator concerning the Moyle Interconnector or by a party (other than the licensee or any affiliate or related undertaking of the licensee) to a related document or by a person who is obliged to comply with a related document to comply with and perform its obligations under the related document in question; or
 - (c) by reason only of its giving effect to the relevant access arrangements in force from time to time.
5. The licensee shall keep and maintain such records concerning the provision of use of the Moyle Interconnector as are, in the opinion of the Authority, sufficient to enable the Authority to assess whether the licensee is performing its obligations under paragraph 1 of this Condition and the licensee shall furnish to the Authority such records (or such of these as the Authority may require), in such manner and at such times as the Authority may require.
